

International Association of Airway Hygienists Financial Policy

Tuition: \$2,000

- Payment can be made in full or split into a 4-month payment plan (\$500/month)

Total fellowship tuition is \$2,000, payable in full at registration or through a 4-month installment plan of \$500 per month.

Installment payments are processed via automatic draft through PayPal. Each charge occurs on the same calendar date as the participant's original registration date, continuing monthly until the balance is paid in full.

If a scheduled payment fails, PayPal will automatically attempt to redraft the payment within 24 hours. If this second attempt also fails, the payment plan will pause. Automated reminders will be sent to the participant, and resuming payment will require manual action, either by the fellowship applicant or by an IAAH administrative team member.

If payment is not resumed within 30 days of the initial payment pause, access to all fellowship course materials will be terminated, and any progress completed within the program will be forfeited.

Reentry after forfeiture requires submission of a *new application* and is subject to program availability and current fellowship fee and tuition schedules. Any payments previously made towards the initial fellowship enrollment are non-transferable and non-refundable and will not be applied towards reentry fees, tuition, or other costs associated with a new enrollment.

All fellowship payments, whether paid in full or through an installment plan, are non-refundable. This applies regardless of withdrawal, suspension, forfeiture of program access, or inability to complete all required coursework within the allotted program duration, including if forfeiture occurs due to failure of timely payment.

By enrolling, participants acknowledge and accept this policy prior to registration.
